✓ On Total and Permanent disability*

In the event of total and permanent disability due to accident[#], 100% of the rider sum assured is payable in lump sum.

The benefit is payable only once during the term of the policy. The cover under this rider will cease after a claim under this rider is paid. However, the remainder of the base policy continues till the end of the term. The policyholder will have to continue paying his premiums for the remainder of the policy.

The benefit under this rider is payable only when the base plan is in effect.

#Accident is a sudden, unforeseen and involuntary event caused by external, visible and violent means.

*Accidental Total and Permanent Disability

- Accidental Total and Permanent Disability is defined as disability caused by bodily injury, which causes permanent inability to perform any occupation or to engage in any activities for remuneration or profits.
- Disability must be caused solely and directly by external, violent, unforeseeable and visible means, occurring independently of any other causes and within one hundred and eighty (180) days of such Accident.
- This disability should last for at least one hundred and eighty (180) days before being eligible for total and permanent disability benefits. Further the company reserves the right to call for medical examination as they may require fit in this regard.
- Total and permanent disability also includes the loss of both arms, or both legs, or one arm and one leg, or of both eyes. Loss of arms means dismemberment by

amputation from the wrist joint and loss of legs means dismemberment by amputation from the ankle joint. Loss of eyes means entire and irrecoverable loss of sight.

Injury means accidental physical bodily harm excluding illness or disease solely and directly caused by external, violent and visible and evident means which is verified and certified by a Medical Practitioner.

Illness means a sickness or a disease or pathological condition leading to the impairment of normal physiological function which manifests itself during the Policy Period and requires medical treatment.

a. Acute condition - Acute condition is a disease, illness or injury that is likely to respond quickly to treatment which aims to return the person to his or her state of health immediately before suffering the disease/illness/injury which leads to full recovery.

b. Chronic condition - A chronic condition is defined as a disease, illness, or injury that has one or more of the following characteristics:

- it needs ongoing or long-term monitoring through consultations, examinations, check-ups, and /or tests
- it needs ongoing or long-term control or relief of symptoms
- it requires your rehabilitation or for you to be specially trained to cope with it
- it continues indefinitely
- it comes back or is likely to come back.

A Medical practitioner is a person who holds a valid registration from the medical council of any state or Medical Council of India or Council for Indian Medicine or for Homeopathy set up by the Government of India or a State Government and is thereby entitled to practice medicine within its jurisdiction; and is acting within the scope and jurisdiction of his license.
